

Service Station Online Rater

At AMC, we pride ourselves on continuously improving on customer service to our many valued clients. One way we have done this is by giving our agents the ability to rate, quote and bind accounts online. With our new online rater we hope to make your job easier by allowing you to control your quote turnaround time.

To access the rater you will need a username and password, which you can receive by contacting our marketing department at 800.233.2398. Once you have this simply go to our website, www.amcinsurance.com, and sign on to the rater. There is an online rater users manual that you can download and print off for help maneuvering around the rater.

Our Online Rater is a valuable tool in generating quotes easier and faster. We want our agents to take advantage of this great opportunity from AMC.

Our goal is to make your job easier! Call today for your username and password and get started with online rating!
